

SUMT Volunteer Statement

SUMT provides opportunities for the Manx Christian community to connect with each other and present a unified Christian faith to enhance the curriculum in the schools on the Isle of Man.

This enables us to connect with and serve local schools, children of a faith or none, to contribute to the education of our children from a faith perspective, to demonstrate Christ, to give knowledge that our children can take away that could form part of their future, to help children think through their own life choices and to share our life experience.

It is vital to remember that we are there to help the students explore their own beliefs, we are not there to preach, evangelise, judge or recruit. We ask that all our team go under the banner of the local church on the Isle of Man, therefore, please do not tell the students which specific church you attend.
