

Mission Statement

Bring "Faith Within Reach" of every child and young person on the Isle of Man, supporting their holistic development, while continually encouraging them to come to their own conclusions.

Vision Statement

SUMT will be the invigorating catalyst, which challenges and promotes joined up thinking between churches and schools and between churches of different denominations, in the area of children and youth work. We will consist of a small but powerful core team, which is capable of bringing Faith within Reach to the children and young people of the Isle of Man; working in both primary and secondary schools through a large, well-directed, strongly engaged, ecumenical team of volunteers (including Christian members of the schools' staff, and the network of youth leaders from the island's churches).

Our objectives

1

Enable ... links between churches & the community (including schools) that bring faith within reach of every child and young person on the Isle of Man

2

Resource ... Schools with educational opportunities that present the challenge of the Christian worldview

3

Equip ... church-based children & youth workers through digital or physical resource materials and training

4

Train ... The leaders of the future for missional work with children & young people

5

Connect ... All supporters, volunteers, partner organisations and churches in purposeful ways to continue to bring faith within reach across the Isle of Man
